

ANNOUNCEMENT

Friday 16 August 2019 – 17h30

Following the serious incident at the BRGM substation in Yaounde on August 7th, emergency works are in progress to re-energize all customers. Eneo renews its full solidarity to all those affected.

Several works are ongoing to construct, extend and reconfigure the network, in order to re-energize all affected customers as soon as possible.

Eneo will regularly publish a power supply rotation plan for Yaounde, while the repair works are carried out in accelerated mode.

Here is the program for the 17 and 18 August 2019.
